13 July 1973

STATOTH [REDACTED]

Dear Professor [REDACTED] STATOTHR

Next month I plan to be in California on other business and wish to inquire whether I might make a visit to your Department. As you may know, I direct an Office whose staff includes geographers and cartographers. I would appreciate an opportunity to meet and talk informally with some of your faculty colleagues.

I am able to be in San Diego on Friday, 17 August, or Monday, 20 August. Would one of these dates be feasible?

Sincerely,

John Kerry King  
Director  
Basic and Geographic Intelligence
